SUN2SOLAR® **SOLAR POCKET®**

The Sun2Solar® Solar Pocket® is a simple yet effective means to getting your solar cover on and off your pool without having to throw it on the ground or relying on a clunky, large solar cover reel.

HIGHLIGHTS

This product is five U-hooks that can be easily installed to the underside of the top rail of your pool. Once installation is complete, relax and enjoy the benefits.

SAFE STORAGE

Keeps solar covers off the deck or lawn and out of harms way. Protect your investment with the ease of knowing it never has to touch the ground again.

SPACE SAVER

Covers fold easily in the hooks of the Solar Pocket®. No need for awkward and inconveniently placed solar cover reels.

NO HELP NEEDED

Cover and uncover your pool by yourself. Solar cover can be accessed from either inside or outside the pool.

METAL WALLS ONLY

Solar Pocket® cannot be used on soft-sided and pop-up style pools.
