1. With the Full Leg and Half Leg in the upside down position (Figure 1), slide the groove in the Half Leg over the tongue in Full Leg as shown (Figure 2). Note that the opposite end will not be secure until it is inserted into the Table Top later in the assembly process (Figure 3).

Figure 1

Figure 2

Figure 3

2. While keeping the tongue and groove joint tight (Figure 4), slide the groove in the second Half Leg over the tongue in the Full Leg (Figure 5). If desired, add weight to the legs before final assembly by removing the plugs, located on the top edge of each leg, pour in a small amount of sand, and replace the plugs.

30" Patio Table

3. With the leg assembly upwards as shown in (Figure 6), place the table top over the legs and loosely align the eight snap lugs into the corresponding holes in the underside of the table top as shown in (Figure 7). Starting at one of the outermost lug positions strike the table top with a mallet as shown in (Figure 8). Then proceed to hit the four inner lug locations and finally the outer three lug locations.
